In order to try to fit in with individual county requirements & assist in maximising the number of teams entered -

- 1) If you ask us to avoid a clash with another team (e.g. U1850 & U1450 on the same dates) we will guarantee that this clash will not occur – and if you prefer we will endeavour where possible to not have teams for next door grading bands playing on consecutive weeks.
- 2) If you indicate that you are prepared to share home matches (i.e. your venue can accommodate two matches simultaneously) then we will endeavour to group your home matches together to share costs.
- 3) If you give us dates to avoid for a particular team or teams we will do our utmost to fit in with these requests.
